PRELIMINARY AMENDMENT

COMMISSIONER FOR PATENTS
Washington, D.C. 20231

Sir:

Prior to calculation of the filing fee and examination on the merits, please amend the above-identified application as follows:

In The Claims:

1. (Amended) A method of processing a telephone call from a calling station to a called station that is busy as a result of having established a connection to a data network via an enhanced telephone switching system of the public switched network, said enhanced telephone switching system including a switching capability, a data network access capability for establishing
